DATE: OCTOBER 2016

SUBJECT: TRI-COUNTY TRANSPORTATION FOR SENIORS AND/OR

PERSONS WITH DISABILITIES MONTHLY PERFORMANCE

REPORTS

RIDE CONNECTION

1. Overall ridership for E&D services for October 2016 decreased by 12.8% compared to October 2015. Cab Services ridership declined by 55% (-5,257) due to the termination of the Title XIX non-medical program (-4,980). The reorganization of Mid-County through service program swaps between RC East County and Metropolitan Family Services continues to post well for both providers overall. With the transition, both programs experienced growth compared to the previous fiscal year. RC East County improved ridership by 43% and MFS by 15% this month.

- 2. Total costs decreased by \$50,425, or 7.6% for Ride Connection's E&D services. Cab Services under the Title XIX program were again responsible for a significant decrease of \$102,966 corresponding with the decrease in rides due to the cessation of the Title XIX contract. Providence Elderplace (+\$46,062) added network costs using their own funding for the Vehicle Only program. RC East County posted 51% higher expenses (+\$13,406), which are directly attributable to the MFS/RC East County service swap and an increase in rides compared to last year.
- 3. Cost Per Ride (CPR) increased slightly by 4.9%, to \$16.54 per trip, compared to the previous October. However, this CPR is within normal range for the network and the increase is not cause for alarm. In fact, compared to the previous month (September 2016), CPR decreased by 2.9%.

*Narrative report includes Clackamas County Consortium numbers as reported to Ride Connection for the month of October 2016.

RIDEWISE

1. Service Delivery Analysis. There were a total of 136 individuals served through RideWise's one-on-one, classroom, group and trip planning by phone/mail training.

- 2. A total of 25 persons successfully exited out of one-on-one travel training with 11 whom were prior participants returning to learn a new route. There was an increase of 4.2% of successful customers from October 2015 October 2016.
- 3. Under the age of 60, a total of 23 individuals successfully exited out of the one-on-one travel training with an average training hour per individual of 10.1 hours.
- 4. Outreach. The RideWise program continues to increase awareness of the program by attending resource fairs, meeting with agency professionals, mailings and presentations at staff meetings, etc. There were a total of five events held.
 - RideWise participated in Transition Nights at Victory Academy in Sherwood and the Oregon City High School. Ridewise also hosted a resource table at the UCP Family Conference. RideWise met with the Multnomah County Library and attended the groundbreaking ceremony for the new Seven Corners building.
- 5. Ride Ambassador Program. 89 volunteer hours were recorded for Rider's Club events, committee meetings and outreach.
- 6. Riders' Clubs. The RideWise program supported 11 Rider's Club activities with 56 participants.
- 7. Referral Sources. There were 30 referrals in October 2016. Three referrals were from new agencies, or new sources at agencies, with whom a relationship had already been established. Three referrals were the result of our travel options counseling efforts.
- School Program. 373 students received training during the month of October. There were a total of 3,968 trips taken as a group, 160 one-onone trips. 181 teachers and support staff reported a total of 2,191 hours of training.

SANDY AREA METRO (SAM)

1. Total ridership this month was 9,940. Overall ridership decreased by 15.4%; the SAM-Gresham route decreased by 12%. SAM-Estacada ridership decreased by 43.6%. STAR rides decreased by 21.6%. The percentage of elderly and/or disabled riders on STAR was 66%. The

Elderly and Disabled program (out-of-town medical rides) increased by 11.9%.

- 2. Sandy Transit began posting notices regarding significant changes to the Estacada route which would go into effect November 1; this could explain the drop in ridership on the Estacada route and overall ridership. STAR ridership has been declining due to the lack of ability to schedule same day rides; that capability will be restored by January 1, 2017 with the introduction of the shopper shuttle.
- 3. In October, the City Council approved a resolution to create a fare structure change for Sandy Transit. Fixed route services (SAM Gresham and SAM Estacada) in Sandy city limits will be fareless. This change is expected to boost in-town ridership, support local business and provide more accessible transportation for Sandy residents.
- 4. Much of October was spent preparing for many changes that will begin to take effect November 1. In addition to planning a new route for Estacada and changing the times of the runs, Sandy Transit will begin a shopping shuttle on December 1, 2016. This shopper is intended to alleviate the scheduling difficulties for STAR, returning that service to same day scheduling.
- 5. Staffs also continue to serve on the Oregon Transportation Association board which met frequently in October in an effort to prepare legislative material for the upcoming legislative session. Staff are encouraged that through OTA efforts as well as others, transit throughout the state will be included in a 2017 Transportation Package should one be successful.
- 6. Sandy staffs also remain involved in the Mount Hood Transportation Alliance group that meets regularly regarding transportation in the Mount Hood communities. Mount Hood Express and the Villages Shuttle surveyed in October to gauge customer service and obtain feedback regarding schedule changes on the mountain service. Mount Hood Express and Sandy Transit once again partnered in an application for continued FLAP funding and expect information regarding the success of the grant proposal in November.

SOUTH METRO AREA REGIONAL TRANSIT (SMART)

1. None provided.

CANBY AREA TRANSIT (CAT)

- 1. Both fixed route and demand response ridership is sliding. With a 20% drop in fixed route and a 5.8% drop in demand response trips. As mentioned in previous reports it is difficult to identify a single cause. Implementation of a fare, TriMet service changes associated with the Orange Line opening, the move of two sheltered workshops to locations outside the Oregon City limits, decreasing unemployment and low gas price are all factors.
- 2. City of Canby conducted an RFQ process in September for the replacement of on-board surveillance equipment on the CAT fleet to be installed in early 2017. AngelTrax was the successful vendor.
- 3. The Transit Master Plan service design meeting with the consultant (Jarrett Walker + Associates) is scheduled for November 2016.

SOUTH CLACKAMAS TRANSIT DISTRICT (SCTD)

- 1. Rides were down again this month by 4% over last year. The starting dates of the college and other schools could account for the drop.
- 2. Work has finalized on the plans for the office building. Bid documents are being prepared and will be published as required by law.

TRIMET

1. System Ridership Summary for Fiscal Year to date (next page).
